Reviews

This book may be worth purchasing. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Esta Price)

THE AERIAL VALLEY (PAPERBACK)

Hollywood Comics, United States, 2015. Paperback. Condition: New. Language: English. Brand new Book. Five utopian fantasies: * The Aerial Valley (1810) proves that a utopian society can only maintain stability if it remains technologically limited and isolated from outside influences; it is a sensitive challenge to the philosophy of progress as an instrument of perfectibility. * The Year 2800 (1829) bases its anticipations of future improvement on bold social reforms. * Paris in Dreams (1863) echoes the then-ongoing endeavors of Baron Haussmann, who was busy remodeling the city in accordance with his own utopian design. * Victor Hugo's The Future was the first chapter of the great author's introduction to a guide-book produced for visitors to the Exposition Universelle of 1867. * Gustave Marx's Love a Thousand Years Hence (1889) is a satire of the glut of utopian accounts of future Paris, being elevated to the capital of a unified Europe.
